Choose between a 2 hour round trip hike to the Monastery viewpoint or a longer 5 hour and more strenuous hike into the Monastery itself.

Tigers Nest clings impossibly to a cliff of rock 800 m above the valley floor and where Guru Rinpoche flew on the back of a tigress to subdue the local demons followed by 3 months meditation in a cave still visible in the monastery. In 1998 the monastery was seriously damaged by fire and has since been painstakingly reconstructed to its original condition and consecrated by the 4th King in 2005.

Take lunch at the Taktsang Viewpoint cafe and, returning from your hike, visit nearby Kyichu Lhakhang, one of the oldest and most revered temples in Bhutan. The Lhakhang boasts an orange tree that perpetually bears fruit.
